Amirreza Najari – Mid level front-end developer
Gmail : amirezanajari@gmail.com | Phone number : 09929730034

About

Front-end developer with +4 years of experience in programming with React.js and 1 year of professional work experience. Specialized in designing and implementing user-friendly and optimized user interfaces. Experienced in using modern tools and technologies, skilled in debugging, writing clean and understandable code, and enthusiastic about continuous learning and improvement.

Experience

Front-end developer

[Arman Sarmayeh Hamrah](#) | Oct 2023 – Present

- Designed and implemented a stock market analysis website with Next.js and TypeScript, providing data-driven buy/sell recommendations.

- Collaborated with backend teams on API and schema design for cohesive system integration.

- Re-engineered several existing projects using React to improve performance, resulting in increased data retrieval speed and reduced errors.

- Utilized chart libraries to visualize data and deliver insightful analytics.

Skills
